Millbend Coffeehouse Presents The Limelitters April 11th @ 7:00pm

The Limelitters were formed in July, 1959 by Folk musicians and songwriters Louis Gottlieb, Alex Hassilev, and Glenn Yarbrough. They played a huge role in the Folk Revolution of the 1960's. Even after the Revolution began to wane, they remained popular with the people who had embraced the movement.

Juanetta Cooper will open this concert with some music of her own.

Visit www.millbend.org for information and tickets.
